FROM THE EDITOR'S DESK

At Hindustan International School, we actively support SDG Goal 9: Industry, Innovation, and Infrastructure by cultivating a spirit of innovation and technological curiosity in our students. Our STEAM programs, Robotics Club provide hands-on learning experiences that integrate science, technology, arts, and mathematics. Events like the science expo and Young Innovators Challenge encourage students to design creative solutions to real-world problems.

Smart classrooms, digital tools, and collaborative platforms enhance our learning infrastructure, fostering a future-ready academic environment. Through coding classes, design thinking workshops, and interdisciplinary projects, students are trained to think critically and build sustainable, tech-driven solutions.

By promoting innovation, strengthening digital infrastructure, and encouraging inclusive access to technology-based learning, HIS prepares students to become architects of a smarter and more sustainable world.

HISTAR ANNUAL DAY CELEBRATION

The 5th HISTAR Annual Day and Graduation Ceremony was a grand and heartwarming celebration held on March 11th, 2025. This much-anticipated event brought together students, parents, and faculty to honor the achievements of our little stars from PP1 to PP3. The highlight of the day was the PP3 Graduation Ceremony, a significant milestone for our young learners as they prepare to step into the next phase of their educational journey. The theme of the celebration was a magical and mesmerizing dance drama titled Echoes of the Enchanting Woods—a creative retelling of the classic tale of Snow White and the Seven Dwarfs. The performance captivated the audience with its vibrant costumes, expressive storytelling, and lively choreography, showcasing the incredible talent and imagination of our young performers.

The event was made even more special by the presence of our esteemed Chief Guest, Ms. Mami Teraoka Sa, whose encouraging words inspired both students and parents alike. We were also honored to have the Head of HISTAR, Ms. Vidya Liou, our Principal, Ms. Bharathi Lakshmi, and the Dean of Academics, Mr. Johnson Mathew, whose guidance and support have been instrumental in shaping the academic and cultural growth of the institution.

The morning was filled with joy, creativity, and a sense of togetherness. The stage came alive with delightful performances, and the enthusiasm of the children was truly infectious. A prize distribution ceremony followed, recognizing the outstanding efforts and accomplishments of the students in various fields.

Finally, the PP3 Graduation Ceremony marked a touching conclusion to the event, as proud parents looked on with smiles and teary eyes. It was a day filled with pride, celebration, and lasting memories—a true reflection of the nurturing spirit of HISTAR.

SUMMER CAMP

Our Summer Camp, held from March 22nd to April 1st, was a fun-filled and enriching experience for all participants. The camp offered a variety of engaging activities, including sports, music, art, and phonetic classes, allowing the children to explore their talents and develop new skills. It was a wonderful opportunity for kids to stay active, creative, and learn in a relaxed and enjoyable environment. We look forward to more exciting experiences in the future!

KIDS MBA CULMINATION

The final module of the Kids MBA program ended on a high note with a Business Idea Competition, where students from Karapakkam, Padur, and Guindy came together to present their innovative business concepts.

◆ EVENT HIGHLIGHTS:

- 13 creative ideas were pitched by young entrepreneurs.
- Students showcased their ability to identify real-world problems and propose smart, sustainable solutions.
- The event encouraged collaboration, critical thinking, and presentation skills.

★ HIS KARAPAKKAM'S ACHIEVEMENTS:

- Four teams from Karapakkam participated, sharing unique and well-thought-out ideas.
- Two teams emerged as winners:
 - Aura Water Bottle – A sustainable and eco-friendly approach to bottled water.
 - Silent Talk – A communication device designed for the hearing-impaired, promoting inclusivity.

This competition celebrated the entrepreneurial mindset of the students and marked a fitting conclusion to the program.

GRADE I TO VIII ANNUAL EXAMINATION

The Annual Examination for Grades I to VIII recently concluded, offering students a valuable opportunity to demonstrate the knowledge and skills they've developed throughout the year. With the support of our dedicated teachers, the exam process was smooth and fair, allowing every student to perform to their fullest potential. It was inspiring to see the focus and determination displayed by all participants. We are proud of their efforts and the growth they've shown. As we await the results, we eagerly anticipate celebrating their achievements and looking ahead to another successful academic year!

SCIENCE EXPO 2024-2025: A Journey into Innovation

The Science Exhibition held on March 27, 2025, at Birla Planetarium was an exciting event for the staff and students of Grade X & XII. The exhibition aimed to raise awareness about scientific innovations, with interactive stalls and live experiments on robotics, AI, renewable energy, and more. Renowned colleges and institutions showcased their cutting-edge research, including models of satellites, DRDO exhibits, and space technology. Students actively participated in various experiments covering physics, chemistry, biology, and technology. It was a fantastic opportunity to deepen students' understanding of the world of science and technology.

UPCOMING EVENTS

NEWSHIS- APRIL
